

Macware Releases New Alphabet Art + Numbers Pack - Special Offer Price

Published on 04/10/14

Add some graphic flair to projects without having to be a graphic designer. Macware has just released Alphabet Art + Numbers, a great new graphic content pack for Macintosh and Windows. Filled with over 2,000 png images, Alphabet Art + Numbers features a huge variety of images based on every letter of the alphabet and every number. The royalty-free commercial use content can be used for any project with no restrictions. For a limited time, Macware is offering the pack for 75% off retail price.

Omaha, Nebraska - Macware, a leading Mac software publisher, has just released a great new graphic content pack, Alphabet Art + Numbers. This pack is filled with over 2,000 png images based on every letter of the alphabet and numbers and retails for \$19.99. However for a limited time Macware is offering it for only \$4.99, a savings of 75%.

Ever thought about jazzing up some text on a graphic project but didn't know where to start. Alphabet Art + Numbers is the perfect collection to add some graphic flair to projects without having to be a graphic designer. Putting together a professional looking design has never been easier and this collection will make your projects shine.

Put more than 2,000 royalty-free images and graphics suitable for commercial use to work. Alphabet Art + Numbers has a huge variety of images based on every letter of the alphabet and every number. The royalty-free commercial use content can be used for any project with no restrictions.

Alphabet Art + Numbers clip art images are in a standard graphic format png so they can easily be imported into any program that accepts these including Logo Design Studio Pro, Graphic Design Studio, PrintMaster, iLife, Adobe Illustrator, and many more.

Pricing and Availability:

Alphabet Art + Numbers works on both Macintosh and Windows operating systems and is only available for the low price of \$4.99 for a limited time. More information is available on the Macware website.
