

## **CarSO Pro - Car Service and Finance Manager/Organizer for iPhone**

Published on 04/15/14

BM-Studios introduces CarSO Pro for iOS, a great tool to manage operations concerning your car. Never forget to change the oil or prolong the insurance for your car. Remember when you've done car service inspection the last time. Easily manage operations for different cars. Expenses are categorized and all car fill actions are tracked. CarSO can be used for kilometers - liters and miles - gallons standarts. Manage all your car service/finance records on your iPhone.

Lviv, Ukraine - CarSO Pro is a great tool to manage operations concerning your car. Never forget to change the oil or prolong the insurance for your car. Remember when you've done the car service inspection the last time. Easily manage operations for different cars. Manage all your car service records on your iPhone.

The Pro version includes finance tracker, finance reports and fuel stations comparison. Track all your car's expenses with one app. Expenses are categorized and all car fill actions are tracked for creating fuel stations ratings. When you do all filling records, you can track which station or fuel type is better for you. You see average consumption and expense for each filling station. CarSO can be used for kilometers - liters and miles - gallons standarts. All conversions are done by applications.

### Key features

- \* Action reminder (for distance or/and time)
- \* Finance tracker with categories
- \* Finance reports for one or more cars
- \* Fuel station comparison (when you make your filling records)
- \* Automatic units converter (km, ml, MPG, L/100km, etc.)
- \* Create your own actions (even checking pressure in tires)
- \* History for all actions you have done
- \* Very flexible usability
- \* Incredible design

Available languages at the moment: English, Russian

Working on languages: Polish, Ukrainian, Deutsch, Korean, Japanese and more.

### Device Requirements:
