London, United Kingdom - Jelly Studios today is thrilled to announce the release of Swarming Dead 1.53, an update to its popular game title for iOS, Android and Amazon. Swarming Dead is a mash up of Call Of Duty zombie-killing survival and 2D classic Mario platformer. Earn points from hits and kills to buy better weapons and power ups throughout the many floors of the arena, and whatever you do, don't stop running! The controls are simple and easy to pick up, the game play is fast. Nothing is more frantic than trying to buy some ammo for your favourite weapon after it has run out of ammo whilst zombies are swarming at you!

In order to complete each round and continue onto advanced rounds, increasing the level of difficulty, players need to eliminate all the enemies. As the rounds progress the enemies become stronger and different types of monsters will appear.

Swarming Dead benefits from a variety of features including atmospheric sound effects, assortment of weapons, power ups, achievements and online leader boards. This allows the player to compete against others to achieve the highest round on the leader board.

What's New in Version 1.53:

- * Added options for displaying help, achievements and leaderboards to the menu
- * Added an option to the settings to disable Game Center
- * The nuclear railgun is now Even More destructive
- * The player will be warned when firing a gun that is out of ammo
- * Numerous bug fixes and improvements

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 5.1 or later
- * 31.1 MB
