Highly anticipated Wordlings Adventure now available on iTunes

Published on 08/05/14

Yellow Bear Studios today introduces Wordlings Adventure 1.0 for iOS, an innovative word-puzzle game for kids. Wordlings are magical word-spelling seekers, and in this enchanting game pictures are teachers. Wordlings are learning to read and write, and love spelling too, I'm a Wordling, what about you? Using touch controls to explore each scene for visual clues, kids discover the hidden clues in their quest to correctly spell the jumbled word and progress through extensive puzzle levels.

Toronto, Canada - Yellow Bear Studios today is proud to announce the release of Wordlings Adventure 1.0 for iOS, an innovative word-puzzle game for kids. Using touch controls to explore each scene for visual clues, users discover the hidden clues in their quest to correctly spell the jumbled word and progress through extensive puzzle levels. With a focus on early education, Wordlings Adventure is an outstanding example of Yellow Bear Studios' unique approach to children's mobile development, and teaching through play.

Welcome to the wonderful Wordlings Adventure, where spelling words has never been so fun; where words are all scrambled, scattered and mixed, and it's up to the Worldings to see that they're fixed. Wordlings are magical word-spelling seekers, and in this enchanting game pictures are teachers. Wordlings are learning to read and write, and love spelling too, I'm a Wordling, what about you?

"We are committed to providing an immersive, social experience for both parents and kid's, while learning a core skill in a child's early development," said Anthony Suen, Development Coordinator at Yellow Bear Studios. "Progressive difficulty combined with colourful visuals excite and entertain kids while offering an incentive to learn, play, and keep coming back for more, without parents having to worry. A kid-safe development philosophy and focus on teaching through play makes Wordlings Adventure a reliable, responsible choice for any parent's educational app collection." Spot the clues and solve the puzzles!
