

WaterField VertiGo 2.0 Laptop Bag - Intelligent Details and Worldly Look

Published on 08/12/14

WaterField Designs unveils the VertiGo 2.0 laptop bag with intuitive details for modern convenience. Waxed canvas, ballistic nylon and premium leather engender a sophisticated character in this comfortable and contemporary business, travel and casual use bag. Three size choices are ideally suited for the iPad Air, 13-inch Macs and 15-inch Macs respectively. Available exclusively from WaterField Designs. Made in USA.

San Francisco, California - WaterField Designs, an innovative leader in custom laptop sleeves, bags and cases for digital-minded professionals, announces the VertiGo 2.0 laptop bag. With its modern materials of waxed canvas, ballistic nylon and full-grain leather, its vertical weight distribution, and its intuitive design details, the VertiGo 2.0 serves as the quintessential bag for business, travel and casual use. Three size choices are ideally suited for the iPad Air, 13-inch Macs and 15-inch Macs respectively.

Every detail on the VertiGo 2.0 is carefully devised with ease of use, comfort and contemporary esthetics in mind. A large main compartment holds laptop sleeves, tablets or travel gear. Two interior open-topped pockets are raised off the bottom of the bag for both easy access and to vertically distribute the weight of bag contents. A hidden security magnet holds a front pocket snug to the bag. Therein, a self-locking zippered pocket keeps items like keys, wallet and tickets secure yet quickly accessible.

Customizable textile options address the style needs of any modern wardrobe. Users choose from a durable black ballistic nylon or ruggedly-elegant, tan, waxed canvas base. They can then add black or chocolate premium, naturally-tanned leather accents. An all-ballistic nylon or all-waxed canvas option satisfies sophisticated vegan consumers.

"I love how comfortable the VertiGo is and that it keeps all my gear so easily accessible," explained owner Gary Waterfield. "The vertical design is unobtrusive and the adjustable shoulder strap is long enough to wear across my chest, messenger-style, or off one shoulder. The new handles are convenient for a quick-grab and go, and I can hide them in the front and back pockets when not in use."

To keep laptops safe within the VertiGo 2.0 and other bags, WaterField offers the laptop SleeveCase in over 100 sizes. Another option - the Outback Sleeve - is available in four custom sizes for Apple laptops.

Pricing and Availability:

The VertiGo 2.0: Price and dimensions: Small - \$129-\$149; (8.5" x 11" x 3.5"). Medium - 139-\$159; (10.5" x 13" x 3.8"). Large - \$149-\$169; (10.8" x 16" x 3.8").
