

## Schoolhub Students Now Available for iPhone

Published on 09/05/14

California based Schoolhub Inc. today introduces Schoolhub Students 1.0.0, an iPhone app designed to help students manage their academic life. Featuring an intuitive dashboard, Schoolhub Students helps students manage their courses and assignments, track important deadlines, organize contacts, set reminders and more. The app also uses built-in notifications to help students stay on top of their academic obligations and commitments. There is also a paid subscription that unlocks premium features.

San Francisco, California - Just in time for back to school season, Schoolhub Inc., a San Francisco based startup, today is excited to announce the release of Schoolhub Students, an iPhone app designed to help students manage their academic life. The app, which is available for free on the App Store, helps students manage their courses and assignments, track important deadlines, organize contacts, set reminders, and more. Schoolhub also offers a paid subscription that unlocks premium features like calendar sharing, attachments, and enhanced assignments.

The app features an intuitive dashboard that offers students a one-stop overview of courses, assignments, exams, and other activities. Schoolhub Students also uses built-in notifications to help students stay on top of their academic obligations and commitments.

The user-friendly design of Schoolhub Students turns managing academic responsibilities into an interactive and enjoyable experience. "This app is the very first of a series of integrated products we plan on releasing over the next few months geared towards empowering students, parents, teachers, and alumni to make the most out of their academic life" says Andres Garza, Co-Founder of Schoolhub.
