

## 10 New Fonts Added to Free Halloween Fonts Collection on Mac App Store

Published on 09/24/14

Bring creativity back to life by scaring up 10 new fonts that were just added to the free Halloween fonts collection on the Mac App Store. This brings the total number of fonts in Halloween Fonts to 30, all in OpenType font format with a commercial use license, making them perfect to use in any home or business design project. This collection is an excellent addition to any font collector's library for use in graphic design, web design, party signs and invitations, banners, and more.

San Francisco, California - 128bit Technologies is proud to announce an update of 10 new fonts to their popular free Halloween Fonts collection available on the Mac App Store under the name: Halloween Fonts - Free Commercial Use Holiday Fonts.

Need to scare up some new fonts? Dig up some wildly creative font styles that make any Halloween-inspired project a hit! This commercial use font collection now includes 30 original fonts in OpenType font format, and can be used for any personal AND business project. International character support is NOT standard for every font but is available for many of them.

These fonts are different from other font collections you may have purchased or downloaded recently (Premium Fonts, Free Fonts, 1000 OpenType Fonts, Christmas Fonts) and are an excellent addition to any font collector's library for use in graphic design, web design, party signs and invitations, banners, promotional material, advertisements, application development and more.

Download now and you will continue to receive new Halloween fonts each season!
