

ZappTek Brings Evernote to the iPod with iPDA 4.3

Published on 08/19/09

ZappTek today announced iPDA 4.3. iPDA is the perfect companion to the iPod nano and classic by serving as a replacement PDA. Your documents may be easily transferred to iPod. Download Evernote, RSS feeds, weather forecasts and driving directions directly to the iPod. iPDA supports transferring information from Entourage, Gmail, Mail, Address Book and iCal, making it simple to put the information users need on their iPods. Version 4.3 adds Evernote syncing.

Winnipeg, Canada - iPDA is the perfect companion to the iPod nano and classic by serving as a replacement PDA. Word, PDF, Apple Pages, RTF or text documents may be easily transferred to iPod so data is available for quick access, any time. Download Evernote, RSS feeds, weather forecasts, and driving directions directly to the iPod. iPDA supports transferring information from Entourage, Stickies, Gmail, Mail, Address Book and iCal, making it simple to put the information users need on their iPods.

iPDA 4.3 brings Evernote syncing to the iPod nano and classic.

- * Sync Mail Messages, Notes and To Do's directly to iPod
- * Download RSS feeds and keep track of local weather with up-to-date forecasts
- * Subscribe to your Google calendars and download them directly
- * Download driving directions directly to iPod
- * Download Gmail messages directly to iPod
- * Perform a backup to iPod

Minimum Requirements:

- * Mac OS X version 10.4 or higher
- * An iPod. Note that iPDA does not support the iPhone nor iPod touch
- * Microsoft Entourage for Entourage data synchronization
- * Web Services require an Internet connection

Getting Started:

To install iPDA 4.3, drag it to your Applications folder or wherever you'd like to keep it. Clicking on a button will bring up a window to select the specific subset of information to export to your iPod; each window contains basic guides on its use. Determine the settings needed for syncing and click OK.

Purchasing iPDA:

iPDA 4.3 remains priced at \$19.95 (USD) with a \$10.00 (USD) upgrade fee for current 3.x users (and a free update for version 4 users). The iPDA trial allows for 6 full syncs before requiring a purchase. Users may purchase the bundle, which includes iPresent It and iSpeak It, for \$44.95 (USD); a \$13 savings. Users may purchase from within iPDA by selecting "Purchase iPDA..." in the application menu or visit the ZappTek website.

Based in Winnipeg, Canada, ZappTek was founded by Michael Zapp in 2002. Beginning with tools to bring calendar and note information into the Contact entries of the original iPod, ZappTek now provides a suite of applications to meet every need. These include iPresent It for giving presentations on the iPod, iPDA for personal information management, iSpeak It to convert documents into MP3/AAC audio tracks, and iPod Launcher to automate all of iPod activities. All Software (C) 2002-2008 ZappTek / All Rights Reserved. Apple, the Apple logo, "Apple App Store", iPod, the iPod and iPod Touch logo, and iPhone are registered trademarks of Apple Inc. Evernote is a registered trademark of the Evernote Corporation.
