

Storest - New App For Kids From The Developers Of Foldify

Published on 11/07/14

Pixle announces the release of its new app for kids, Storest. It is a fun iPad app that teaches kids about money and shopping through a hands-on approach, with the option of playing in both virtual and printable modes. The game is stocked with a variety of fun products and featuring a realistic checkout. Each product comes with a bar code that can be scanned with the virtual cash register. Any kid can become a smart and savvy shopper with Storest.

Warsaw, Poland - Any kid can become a smart and savvy shopper with Storest, brought to you by the creators of Foldify. Storest is the fun new way for kids to play store and learn about money by trying it out firsthand. Stocked with a variety of fun products and f as an educational tool for learning to count money and exchange it for goods.

A pressing a button and printing out the products, foldable shelves, bills and coins. Each product comes with a bar code that can be scanned with the virtual cash register. Encourage kids to play and learn together by arranging a mini store in your own home or classroom!

Storest allows you to:

- * Print the products, currency and shelves directly from the application using AirPrint or send the PDF via email
- * Fold the printed shelves to make a free-standing holder for the products
- * Add up the bill and count change with a realistic cash register

Device Requirements:

- * Compatible with iPad
- * Requires iOS 7.1 or later
- * 35.8 MB

Pricing and Availability:

Storest 1.0 is only \$2.99 USD (or equivalent amount in other currencies) and available worldwide exclusively through the App Store in the Education category.

We are Pixle, an indie development and UI design trio based in Warsaw, Poland. Our focus is not only on creating beautiful and kid-friendly apps, but also on bridging the virtual world with real life. We want to create opportunities for play and interaction beyond the screen. Parents can use each app as an educational tool for their kids as well as an opportunity for collaboration and creative development. Bright graphics and a simple interface make our apps a joy to use for both parents and kids! All Material and Software (C) 2014 Pixle / All Rights Reserved.
