

SoTicker - Most minimalist Twitter Client

Published on 12/10/14

AppPlunger today introduces SoTicker 1.0, its new Twitter client for Mac OS X. Robust and simple-to-use, SoTicker allows Mac users to always keep an eye on their Twitter feed. It takes up minimum space by scrolling Tweets horizontally on the top part of the Desktop. Users can easily read new tweets because the ticker makes them bold for easy recognition. Users can set the scrolling speed and transparency, as well as set the thickness of the Ticker.

Istanbul, Turkey - It's time to elevate every Twitter experience to the next level. AppPlunger today is proud to announce the release and immediate availability of SoTicker 1.0, its new Twitter client for Mac OS X. Robust and simple-to-use, SoTicker allows Mac users to always keep an eye on their Twitter feed. It takes up minimum space by scrolling Tweets horizontally on the top part of the Desktop. Users can easily read new tweets because the ticker makes them bold for easy recognition. Users can set the scrolling speed and transparency, as well as set the thickness of the Ticker.
