

Advice From the Gods puts World's Religions in the Palm of Your Hands

Published on 12/10/14

Mobile application development company, Monster Code Corporation today introduces Advice From the Gods 1.0.4, the company's flagship reference for iOS and Android devices. Advice From the Gods allows anyone to gain knowledge and deepen their understanding of other cultures and religions. Users can search, bookmark and share a multitude of religious teachings from around the world, including teachings from The Bible, The Quran and The Vedas.

Half Moon Bay, California - Today, mobile application development company, Monster Code Corporation announced the launch of the company's flagship app: Advice From the Gods. Advice From the Gods allows users to search, bookmark and share a multitude of religious teachings from around the world, including teachings from The Bible, The Quran and The Vedas.

Advice From the Gods provides users with an educational journey in many ways. It is a great resource to find answers to a wide variety of religious questions by comparing the teachings of all three holy books. Acquire awareness and grasp intelligence from the religions of Hinduism, Christianity and Islam with this easy to use app. As users come across important pieces throughout the text, Advice From the Gods features the capability to bookmark and highlight specific pieces of context for future reference as well as the ability to share the most powerful teachings with friends and family.

The feeling of holding the power of God right in your hands is incredibly powerful. Advice From the Gods allows users to access the information regarding how billions of people think about God and teaches how it can help fill user's minds with words of inspiration and encouragement. Among many important features to highlight, users can absorb broad, unbiased information from the Hindu, Christian and the Islamic people in order to learn about other cultures as well as their own.
