

The next big mobile hit? Yabado launches Bird Duel for iOS and Android

Published on 12/11/14

Yabado GmbH today introduces Bird Duel 1.0 for iOS and Android, an exciting multiplayer game for all ages. In Bird Duel the player takes control over a cute fluffy bird. Tap on the screen so that the small bird flies upwards. There are eight exciting worlds that will leave the user craving for more. The birds are shown in different role costumes like a nurse, a cop or a punk. And thanks to the multiplayer mode, players can challenge millions of others around the world.

Heidelberg, Germany - Yabado GmbH today is proud to announce the release and immediate availability of Bird Duel 1.0 for iOS and Android, an exciting multiplayer game for all ages. In Bird Duel the player takes control over a cute fluffy bird. There are eight exciting worlds that will leave the user craving for more. The lovely bird characters will win the hearts of millions of users. They are so endearing, it makes the user actually want to cuddle with them. The birds are shown in different role costumes like a nurse, a cop or a punk.

But users don't have to play alone. Thanks to the multiplayer mode, they can challenge millions of other players around the world. The game is very challenging. To prevent any frustration the user can choose a more relaxing mode: the easy mode. After some practice the player will quickly get the hang of it and can switch to a harder and more challenging mode.

"The combination of a unique game play, multiplayer fun, lovely characters and a fresh 8-bit retro sound track makes Bird Duel a potential candidate for the next big hit," said Florian Porkert, the lead developer and CEO of Yabado.

Bird Duel has the potential of becoming the next big hit. The game will be featured in NewsWatch in January 2015, reaching more than 100 million households in the USA. In the prelaunch phase Yabado presented huge posters in different public places and received a very positive feedback from fans.
