Why Choose the Limited Edition Package:

Faster Drawing: By combining all of our libraries into this one package users can now save hours of drawing time by using any of our pre drawn vector graphics to complete their plans, drawings or illustrations. With MacDraft's easy to use library palette, simply drag and drop over 4500 different items into your document to create vibrant, detailed and complete drawings.

Feel Part Of The Team: Microspot Ltd has been running for 50 years now and we owe a huge part of that to our devoted customers. MacDraft in particular has undergone so many improvements over its lifetime and a lot of that is down to customer feedback. So to celebrate our 50 year success we are including exclusive merchandise in the form of a branded Polo-Shirt, Acrylic Keyring and Logo Printed Pen inside the Limited Edition pack. This means you'll soon be the proud owner of a limited edition MacDraft package and take advantage of the exclusive merchandise, to help us achieve another 50 years of success.

Make History: In celebration of this milestone we have rebranded the MacDraft Pro box product and created a single library package, all exquisitely detailed in 50th anniversary black and gold. This product sits beautifully alongside the limited edition t-shirt which boasts a glamorous golden stitched Microspot emblem, a black gold and silver retractable ball point pen and of course the anniversary key ring.
