

The Sale Promotion for TunesKit DRM Media Converter is Coming to The End

Published on 01/22/15

To celebrate Christmas and New Year, TunesKit Studio launched their biggest sale promotion last month. TunesKit DRM Media Converter is a smart but powerful iTunes DRM removal tool for all kinds of videos, such as iTunes purchased/rented movies, TV show episodes and music videos. TunesKit can not only convert DRM protected iTunes M4V to unprotected MP4, but also retain original subtitles, multi-languages and 5.1 audio tracks during conversion. This sale promotion will end on January 31, 2015.

London, United Kingdom - In past month, TunesKit launched the biggest sale promotion for its flagship products to celebrate the Christmas and New Year coming. Everyone could get a \$10 coupon code by sharing the promotion page to their Facebook account. The coupon code was not limited for multiple purchases. And it was available for both TunesKit DRM Media Converter for Mac and Windows. The sale promotion will be ended on January 31, 2015. And all coupon codes will be also disabled by that day. For more information of the promotion, please visit the official Christmas Promotion at TunesKit Studio online.

Introduction of TunesKit products:

TunesKit DRM Media Converter (For Mac & Windows) is the flagship product of TunesKit Studio. It's a smart but powerful iTunes DRM removal tool for all kinds of iTunes videos, such as iTunes purchased/rented movies, TV show episodes and music videos. As the world's best iTunes DRM removal tool, it was developed to remove DRM restriction from iTunes movie purchases as well as rentals while converting the DRM-locked M4V video files to common MP4 format with zero quality loss.

This smart iTunes DRM removal software comes with an easy-to-use interface which makes it handy to process the whole DRM removing in three steps only. Users only need to add the iTunes movie files, choose the output settings, and it will do all the rest job to convert Christmas movies and TV shows or any other videos downloaded from iTunes to multiple devices and media players such as Samsung, HTC, Nokia, Nexus, Kindle Fire, VLC, Chromecast, HDTV, etc.

Seize the last chance to Buy TunesKit DRM Media Converter with Discount Price: Currently, TunesKit DRM Media Converter is available in TunesKit's 2015 New Year Special Promotion, according to which any customer who shares the promotion page on their Facebook account with their friends will get a coupon code that is worth \$10 of TunesKit products during Christmas holidays.

That's to say, customers are expected to enjoy up to 40% off discount to get either TunesKit iTunes DRM Converter for Mac or TunesKit iTunes DRM Remover for Windows with which they can easily convert DRM-ed movies from iTunes to any portable devices. But this special offer is time limited and will expire on Jan 31, 2015. So why not seize the last chance to Buy TunesKit DRM Media Converter with cheap price now?
