

PhatWare Releases Free Shaker Game for iPhone

Published on 01/23/15

PhatWare Corp today announces Shaker 2.0.1 for iOS, a drinking game unlike any other. Choose the ingredients. You make the commitment, but once you shake it whatever result you get, you drink! Don't like alcohol? No problem. With the Designated Driver button you can shuffle non-alcoholic beverages! With over 16,000 choices, you'll never be out of options. Found a particularly tasty beverage you and your friends want to remember? Bookmark it, or look it up again by using the search bar tool.

Spokane, Washington - PhatWare Corp., best known for its award-winning handwriting recognition technology, has announced today something completely different - the Shaker game for iPhones. Shaker is a drinking game unlike any other. It is specific to you! You choose the ingredients. You make the commitment, but once you shake it whatever result you get, you drink! Don't like alcohol? No problem. With the Designated Driver button you can shuffle non-alcoholic beverages! With over 16,000 choices, you'll never be out of options. Found a particularly tasty beverage you and your friends want to remember? Bookmark it, or look it up again by using the search bar tool.

The game rules are simple: select game play based on available ingredients, make a mental commitment to drink whatever comes up, shake the iPhone, prepare and consume the suggested beverage with your buddies while taking pictures and sharing your experiences on social media or via email.
