

Macgo iPhone Cleaner Supports 64bit iTunes

Published on 02/28/15

Macgo has released a new version of Macgo iPhone Cleaner that is compatible with 64bit iTunes. Its simplified interface and easy operation will help users reclaim up 40% - 60% storage space by deeply cleaning useless files like off-line, corrupt and forgotten files, redundant app crash logs, temp, cache, cookie, and more. As a thorough and safe cleaning tool for iPhone, iPad and iPod touch, the Macgo iPhone Cleaner has a uniqueness compared with other cleaning tools in the industry.

Hong Kong - Macgo has announced its latest product release - Macgo iPhone Cleaner V1.3.1, which has changed so much since last year's debut, not to mention its support of 64bit iTunes today. As a thorough and safe cleaning tool for iPhone, iPad and iPod touch, it has a uniqueness compared with other cleaning tools in the industry. Its simplified interface and easy operation will help users reclaim up 40% - 60% storage space by deeply cleaning useless files like off-line, corrupt and forgotten files, redundant app crash logs, temp, cache, cookie, and many other kinds of junk files.

What's New in Macgo iPhone Cleaner V1.3.1:

1. Supports 64bit iTunes
2. Improved running performance and loading speed of the program

It is well known that 64bit App usually run much faster than the 32bit one. To better compatible with the latest 64bit iTunes, Macgo has developed 64bit iPhone Cleaner to offer users better iPhone cleaning experience. Mac users can directly download and install Mac version.

Main Features of Macgo iPhone Cleaner:

- * Supports Cleaning Most Types of Junks - Including app cache, app cookies, and app temp files, crash log files, downloaded temp files, photo cache, video cache
- * Speed up iPhone & Reclaim Storage Space - After the cleaning, it could free up 40% - 60% storage space and make iPhone run like a new one
- * Protect personal information - It can turn iOS devices into risk-free devices. All processes of cleaning are under the guarantee of protecting users' privacy
- * Customized App Cleanup - After the scanning, users can select whichever App they want to clean by ticking them at the left side bar

System requirements:

- * Mac OS X Yosemite (10.10.x) / Mavericks (10.9.x) / Mountain Lion (10.8.x)
- * Intel-based architecture Universal 32/64 bits
- * Others: iTunes installed

Supported Device Type:

- * Series: iPhone 6/6 Plus, iPhone 5/5S/5C, iPhone 4/4S
- * Series: iPad Air 1/2, iPad mini 1/2/3, iPad 4, the new iPad (wi-fi, wi-fi 4G), iPad 2 (wi-fi, wi-fi 3G)
- * Series: iPod touch 4/5

Pricing and Availability:

Right now, Macgo iPhone Cleaner is available on the Macgo official homepage. Currently single license purchase of Macgo iPhone Cleaner is only for \$9.95 (regularly \$39.95). Free trial version can be downloaded at Macgo's Download Page. For more information about this iPhone cleaner, please visit the official website.
