

Lettercraft - a funny word game for iOS with an innovative gameplay

Published on 03/26/15

Italian indie developers Marco Torretta and Stefano Figurelli announce Lettercraft, a funny word game with an innovative gameplay. The goal is to find words in a board using the provided letters before they burn. There is an adventure mode with 70 levels, each with a different target, a survival mode and a realtime multiplayer mode to challenge your friends over Bluetooth connection. Lettercraft is highly focused on advanced game statistics which shows the user play style and progress.

Milano, Italy - Italian indie developers Marco Torretta and Stefano Figurelli today are proud to announce the release of Lettercraft, a funny word game for iOS with an innovative gameplay. In Lettercraft the goal is to find words in a board using the provided letters before they burn. There is an adventure mode with 70 levels, each with a different target, a survival mode and a realtime multiplayer mode to challenge your friends over Bluetooth connection. The app is highly focused on advanced game statistics which shows the user's play style and progress with detailed charts and data.

Features:

- * Adventure mode with 70 different levels, with more levels coming soon
- * Survival mode to push your mind even further
- * Easy, Normal and Hard difficulty for both Adventure and Survival mode
- * Multiplayer mode: challenge your friends via bluetooth and see who is the best
- * Advanced game statistics with detailed charts and data of your play style
- * Stunning handcrafted themes that completely change the app look & feel

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 7.0 or later
- * Optimized for iPhone 5, 6/6 Plus
- * 3.9 MB
