

Runaway Balloon has launched - And now it's up to you to keep it afloat

Published on 04/22/15

Runaway Balloon is a fun and challenging game from independent game developer, Nikolai Webb, for iPhone, iPod touch and iPad devices. The objective is to keep a balloon afloat above the rooftops by tapping on the screen and collect as many coins as possible. However, there are various hazards along the way including chimneys, antennas, and birds that the player has to avoid otherwise it's game over! Players can share scores and challenge friends via Game Center as well as social media.

Brooklyn, New York - Independent game developer, Nikolai Webb is proud to announce the release of Runaway Balloon 1.3, a fun and challenging game for iPhone, iPod touch and iPad devices. Runaway Balloon is designed for all ages, and allows players to share scores and challenge friends via Game Center as well as social media.

The objective of Runaway Balloon is simple - the player has to keep a balloon afloat above the rooftops by tapping on the screen and collect as many coins as possible. However, there are various hazards along the way including chimneys, antennas, and birds that the player has to avoid otherwise it's game over! The game speed increases very subtly the more coins the player collects, creating exciting and unpredictable gameplay.
