

Glidy Bird Game for iOS Brings a Slippery-Sliding Good Time

Published on 05/07/15

Indie developer, Ngo Lien today announces Glidy Bird 1.1, an update to his popular skill game for iOS devices. While playing Glidy Bird, you become just a penguin on a glacier. Using simple touch gestures, you control the movements of the penguin as he glides along and attempts to avoid the floating ice blocks. Keep the penguin alive as long as possible to accumulate more points. Version 1.1 adds Game Center support, allowing gamers to compete against each other in obtaining the high score.
