

JSplash Studios releases Teleport Game for iOS

Published on 05/18/15

JSplash Studios announces Teleport Game 1.1, its new super-addictive and fast-paced arcade game for iPhone, iPad and iPod touch devices.

In Teleport Game, the objective of the game is to keep the magic ball alive by dodging and avoiding the obstacle blocks. Players start out as a magic ball, the white dot, that can teleport to the point you touch in the screen. The game requires you to be super-fast and alert as the speed of the obstacles increase to insane crazy levels.

Bangalore, India - JSplash Studios is proud to announce the release of Teleport Game 1.1, its new super-addictive and fast-paced arcade game for iPhone, iPad and iPod touch devices. Teleport is a very simple game, but it quickly gets you hooked. Players touch anywhere on the screen to teleport them to the touch position without hitting the blocks.

Players start out as a magic ball, the white dot, that can teleport to the point you touch in the screen. The objective of the game is to keep the magic ball alive by dodging and avoiding the obstacle blocks. The game requires you to be super-fast and alert as the speed of the obstacles increase to insane crazy levels. It is an easy-to-learn game but it quickly gets challenging it progresses!

Features of the Game:

- * Simple and smart user interface: you will get the "Play Now" button for initiating the game play instantly
- * More you dodge and avoid the obstacles, higher you will score
- * You also get to unlock new achievements as you progress in the game
- * Your high score record is stored so that you can try to beat your own high score
- * You can put pause in the game and resume the play where you left the game
- * The stimulating music can be off/on according to your personal discretion
- * By accessing leaderboard you will be able to check other online players' performance
- * Your current score and the best score will be displayed during the game
- * Ability to share your gameplay video (powered by Everyplay)

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 7.0 or later
- * Optimized for iPhone 5
- * 45.4 MB
