

SpendMatic App Launches To Revolutionize Finance And Expense Management

Published on 06/16/15

SpendMatic Inc. announces the release of their flagship product, SpendMatic 0.0.2 for iOS and Android devices. The app is designed to help users manage, track, and organize their personal and business receipts, expenses and bills in the cloud. Anyone can use Spendmatic's receipt scanner to scan their expenditure receipts, bills and invoices. Receipts can then be tagged and details about the receipt can be entered. SpendMatic will then store and help organize all of the receipts in the cloud

Waterloo, Ontario, Canada - SpendMatic Inc. is proud to announce the release of their flagship product, SpendMatic 0.0.2 for iOS and Android devices. The app is designed to help users manage, track and organize their personal and business receipts, expenses and bills in the cloud.

Customers can use Spendmatic's receipt scanner to scan their expenditure receipts, bills and invoices. Once scanned, receipts can be tagged, and details about the receipt such as merchant name, date of purchase, cost and more can be added. SpendMatic will then store and help organize all of the receipts in the cloud so that customers can access them whenever and wherever they want to.

SpendMatic comes in handy for corporate travellers, business owners, team managers, budgeters and anyone needing to keep track and put a stop on their frivolous spending. SpendMatic was developed with the purpose of helping people save money, time and frustration while managing and keeping track of their personal and business finances.
