

## Quadion Touch releases NineGaps 1.1 - Puzzle Game for iPhone

Published on 09/16/09

Quadion Touch has announced a new version of NineGaps was released last weekend. NineGaps

is a highly addictive tricky puzzle game for the iPhone and iPod touch. It was featured as one of the Best Number Puzzle Games in the App Store, topping charts in the Games category for several weeks. The goal of the game is really simple. You have to use your wits to place numbers from 1 to 9 in the missing gaps, while matching the operations presented in the puzzle. It's just like sudoku, but different.

Buenos Aires, Aregentina - Quadion Touch has announced a new version of NineGaps was released last weekend. NineGaps is a highly addictive tricky puzzle game for the iPhone / iPod touch. It was featured as one of the Best Number Puzzle Games in the App Store, topping charts in the Games category for several weeks.

The goal of the game is really simple. You have to use your wits to place numbers from 1 to 9 in the missing gaps, while matching the operations presented in the puzzle. It's just like sudoku, but different!

Features:

- \* Simple and unique puzzle-based gameplay
- \* 5 difficulty levels
- \* Unlimited brain burning puzzles
- \* Highly addictive and fun!

This new version includes the following features requested by users:

- \* Order of operations is supported in all puzzles
- \* Puzzles are now a little more difficult to solve
- \* Game status is auto-saved, allowing a puzzle to be continued at any time
- \* Game settings are persisted
- \* Two new levels for beginner users were added
- \* Puzzles can now be seen after they are finished
- \* Application size was reduced to 1.6 Mb

Meanwhile NineGaps Lite has also been submitted to the App Store and is awaiting approval. Finally, our development team is fine tuning Rune Trails, Quadion's newest puzzle game based on logic and shapes. It will certainly be a fresh and original approach, different from any other puzzle being offered in the App Store now. Fans of Sudoku, Ken-Ken, Blocked, Chess, and other mind and logic puzzles will feel right at home. Test your puzzle cracking skills with NineGaps today! Look out for more new games from Quadion Coming Soon!

Minimum Requirements:

- \* iPhone or iPod touch 2.2.1 or later

Pricing and Availability:

NineGaps 1.1 for iPhone is only \$0.99 (USD) and available exclusively through Apple's App Store.
