

## Word Fall - The Words Are Falling in iOS

Published on 06/19/15

Mobwe, LLC today announces Word Fall 1.2 for iOS, a new word game to offer hours of educating and challenging gameplay. The objective of the game is simple - you will be given an explanation of a word or a name and a set of letters. Your task is to form the word or name to match the explanation in a timely manner. As the letters begin to reach the end of their fall, their position within the word is revealed one by one thus providing hints to the final word.

Tartu, Estonia - Mobwe, LLC today is proud to announce the release of Word Fall 1.2 for iOS, a new word game to offer hours of educating and challenging gameplay. The objective of the game is simple - you will be given an explanation of a word or a name and a set of letters. Your task is to form the word or name to match the explanation in a timely manner. As the letters begin to reach the end of their fall, their position within the word is revealed one by one thus providing hints to the final word.

The game makes use of WordNet - a large lexical database of English provided by the Princeton University. This means the immediate availability of thousands of words and explanations to the game.
