Frankfurt, Germany - Streamlined connectivity that integrates all of your social media into one app is what everyone wants, so why is it so hard to get? Sozial Connect makes it possible to use your favorite Facebook, Twitter, Instagram and YouTube features in one simple, easy-to-use platform. Designed for teens and adults alike, Sozial Connect takes all the work out of keeping up with your friends, your plans, and your colleagues and work life too.

"There's so much social activity now that people can barely keep track of it, and that's a problem for professionals as well as personal users," said Marvin Schroder, Founder of Choast. "We've now integrated YouTube because of the high demand for video and video access, and we're hearing really good things about the experience from our users. Sozial Connect is doing exactly what we'd hoped."

That's because the app is designed with a sleek, simple touch screen that connects you to your world in the ways you want, when you want them. All your Twitter updates, Facebook photos and more are at your fingertips with Sozial Connect, all while keeping your password-protected information secure.
