

Aneesoft Announces New Video Converter for Mac OS X

Published on 09/18/09

Aneesoft has announced today the launch of Aneesoft Video Converter for Mac OS X. Aneesoft Video Converter Pro provides an effective way to help Mac consumers easily convert their videos to almost all common video formats for video editing, playback on media player or mobile devices such as the iPod, iPhone, PSP, cell phones. Files can be edited down within the program utilizing trim, crop, merge and watermark tools.

Beijing, China - Aneesoft, the well-known developer of digital multimedia software, has announced today the launch of Aneesoft Video Converter for Mac to meet today's and future needs of the continually increasing Mac OS users. Aneesoft Video Converter Pro provides an effective way to help Mac consumers easily convert their videos to almost all common video formats for video editing, playback on media player or mobile devices such as the iPod, iPhone, PSP, cell phones.

"This new Video Converter Pro for Mac is the next step in our strategy of offering exceptional products at a reasonable price for Mac OS users," said Bellu Su, sales manager of Aneesoft. "Our goal is to provide users some comprehensive yet easy to use software, guiding consumers through simple clicks to get the videos into the format they want."

Supported video formats of Aneesoft Video Converter Pro include AVI, WMV, MOV, MP4, RM, ASF, AVCHD(MTS, M2TS), HD AVI, FLV, 3GP, RMVB, etc. Files can be edited down within the program utilizing trim, crop, merge and watermark tools.

With up-to-date video compression technology, Aneesoft Mac Video Converter Pro supports the latest Mac OS 10.6 Snow Leopard, supports for high definition video, Flash video and all the latest video formats and devices. Furthermore, with multi-threading and batch conversion supported, it significantly increases the speed of the Mac video converting process.

Pricing and Availability:

Aneesoft Video Converter Pro for Mac is now available on Aneesoft official website. It requires Mac OS X 10.5 or higher and can be purchased from the Aneesoft online store for \$35 (USD).
