Arena: Monster Alien Shooting Chaos is a high speed arcade space shooter game. Arena: Monster Alien Shooting Chaos captures the magic of classic arcade games together with the contemporary feeling providing an outstanding mobile gaming experience. The game includes 5 special weapons designed to endure the attacks.

Berlin, Germany - Screen Implosion is pleased to announce Arena Monster Shooting Chaos for Android and iOS will become freemium games as of August 12th, and this time Android players will be able to play the game! Arena: Monster Alien Shooting Chaos is a high speed arcade space shooter game for iOS. Arena: Monster Alien Shooting Chaos challenges players to chase their highest score on short games of maximum 2 minutes period with an addictive loop between every game session.

Arena: Monster Alien Shooting Chaos captures the magic of classic arcade games together with the contemporary feeling providing an outstanding mobile gaming experience. It's a fast game, with sessions from 10" to 2'. It's innovative, the one and only game bringing the auto-lock feature in a shooting arena: the interplanetary combat capsule Zionsk - 10119 will shoot automatically every threatening life form approaching. The resources on the arena remain on every game session thus creating an endless game session loop. Moreover, the 5 special weapons designed to endure the attacks will delight those players looking for an action game with reminiscences of the arcade glorious past.

Features:

- * High speed
- * Classic gameplay + contemporary gameplay = awesome
- * The original game bringing the auto lock-on feature
- * An endless score chaser
- * 5 weapons to unlock
- * Visual and explosive fun!
