

Antimite 1.0 released for iPhone and iPod Touch - Addictive Puzzle Game

Published on 09/22/09

Premier iPhone and iPod Touch publisher Bent Pixels and Finnish gaming company Cahoon Games today have released Antimite 1.0, an addictive, hilarious accelerometer based puzzle game for the iPhone and iPod touch. In Antimite, maximize the iPhone/iPod Touch accelerometer to move Crush around very cool maps eliminating as many mites as you can in the allotted time. Antimite is the first in a series of branded iPhone and iPod Touch games based around the Crush character.

Las Vegas, NV and Tampere, Finland - Bent Pixels, a premier iPhone and iPod Touch publisher has teamed up with quality Finnish gaming company Cahoon Games to deliver Antimite(TM) - an addictive, hilarious game where you maximize the iPhone/iPod Touch accelerometer to move Crush(TM) around very cool maps eliminating as many mites as you can in the allotted time. This quick gaming fix will put hand eye coordination to the test. Antimite(TM) is the first in a series of branded iPhone and iPod Touch games based around the Crush character.

"We are very proud to be publishing Antimite(TM) - this addictive game takes existing iPhone gaming norms and adds a puzzle twist. Cahoon Games has tremendous experience in accelerometer based games for the iPhone and iPod Touch and it shows in Antimite. We are very excited about this release." said Mike Pusateri, President of Bent Pixels.

Antimite(TM) is the most addictive and fun to play game that we have developed so far and we are very happy to see it published for the casual gamers to enjoy." said Petri Pesonen, founder of Cahoon Games.
