

Noteboom Productions Introduces Tutor for Mac OS X El Capitan

Published on 10/01/15

Noteboom Productions, Ltd. today introduces Tutor for Mac OS X El Capitan, their latest video tutorial for the Mac. Tutor for Mac OS X El Capitan consists of 75 easy-to-follow video lessons designed to give users a better understanding of how to effectively use Apple's latest operating system for the Mac. It also includes lessons on setting up OS X default behaviors through System Preferences, installing and uninstalling Apps, working with documents, and what's new in El Capitan applications.

Holland, Michigan - Noteboom Productions, Ltd. today is proud to announce the release of Tutor for Mac OS X El Capitan, their latest video tutorial for the Mac is now available. Tutor for Mac OS X El Capitan consists of 75 easy-to-follow video lessons designed to give users a better understanding of how to effectively use Apple's latest operating system for the Mac.

Tutor for Mac OS X El Capitan covers various subjects including OS X terminology, migrating from Windows, getting around OS X with the Finder, and using the Dock and Menu Bar. It also includes lessons on setting up OS X default behaviors through System Preferences, installing and uninstalling Apps, and working with documents.

This new tutorial is included with a membership to NoteboomTutorials online. Membership is subscription based and includes access to tutorials on OS X iMovie, OS X Photos, OS X Calendar, and various tutorials for the iPad and iPhone. Membership also includes access to new tutorials as they are released. Users can watch the tutorials on any device - Mac, iPad, or iPhone. The site tracks the tutorials users are enrolled in as well as a user's progress by tracking individual lessons as they are viewed.

"We are excited to add Tutor for Mac OS X El Capitan to our catalog of tutorials, said Dan Wassink, President of Noteboom Productions, Ltd. "We work hard to explain all of the features of OS X El Capitan in simple terms and video demonstrations. Our tutorials have been well received so far as our existing tutorials have had over 200,000 downloads in the App Store as well as nearly 650 five-star ratings. We look forward to helping many more people use their Macs more effectively with this latest tutorial - Tutor for Mac OS X El Capitan."
