

ChronoSync Express Updated For Mac OS X El Capitan

Published on 10/06/15

Econ Technologies today releases ChronoSync Express 1.1 for Mac OS X. ChronoSync Express is the entry level version of ChronoSync, the complete synchronization and backup utility for Mac OS X. ChronoSync Express can synchronize or backup to most anything you can connect to your Mac, including folders on your Mac, other Macs, PC's, and external drives. Version 1.1 offers several of the new features offered in ChronoSync and fixes compability issues with Mac OS X El Capitan.

Casselberry, Florida - Econ Technologies updates ChronoSync Express to version 1.1 with Mac OS X El Capitan compatibility. ChronoSync Express is the entry level version of ChronoSync, the complete synchronization and backup utility for Mac OS X. ChronoSync Express can synchronize or backup to most anything you can connect to your Mac, including folders on your Mac, other Macs, PC's, and external drives.
