Taipei, Taiwan - QuinnScape is celebrating its 7th anniversary on Apple's App Store. QuinnScape's flagship product, Packing Pro, is based on the original, basic Packing (+TO DO!) travel app that was released in October 2008. These apps were two of the first few thousand apps on the App Store, compared to the over one million that are currently there today. During this time, both apps have kept pace with and added support for all of Apple's new iOS updates and devices, starting with iOS 2 and iPhone 3G, and progressing all the way up to the current iOS 9, iPhone 6s/6s Plus, iPod touch 6G, iPad Air 2 and iPad mini 4. Packing Pro has also remained in the top 10 or 20 for travel apps for much of this time.

Since its launch over 6 1/2 years ago, Packing Pro has been highlighted several times, including the current "Travel Survival Kit" and "Overseas Travel" promotions. It has also ranked at #1 for iPads and #2 for iPhones in the U.S. App Store's Travel section. Besides Apple, Packing Pro has also been recognized by CNN, WSJ, BBC, The New York Times, Expedia and Budget Travel, and has earned glowing reviews on major tech and app blogs (Gizmodo, Mashable, Macworld, CNET and iPhone Life, among others).
