

Easy Spending personal finance App updated with automatic backup

Published on 10/22/15

Tekton Technologies today announces Easy Spending Expense Tracker 4.6, a major update to their money tracker for iOS devices.. Easy Spending was designed for its convenience and ease-of-use on the iPhone, and now updated with a beautiful UI and 'Automatic Backup' feature to protect all your financial data. Income, expense, and cash flow tracking is effortless with the nicely spaced out layout and bold fonts. Features include sync between devices, multiple years data storage, and easy search.

San Jose, California - Tekton Technologies today is proud to announce the release and immediate availability of Easy Spending Expense Tracker 4.6, a major update to their comprehensive and easy-to-use money tracker for iPhone, iPad and iPod touch devices. Featuring a beautiful and clutter-free user interface, Easy Spending Expense Tracker helps you take control of your money. The nicely spaced out layout with Bold fonts makes it effortless for tracking your cash flow. It is now updated with a beautiful UI and 'Automatic Backup' feature to protect all your financial data, so that the users never loose the valuable data accidentally or while upgrading the iPhone/iPad. All data is protected on cloud and it can be restored on any device.

The design of Easy Spending is driven around the principle of providing the utmost user comfort and convenience of typing and usability of income and expense tracking on the iPhone. Now comes with large view for the iPad, so that it is easy to view reports on iPad and also sync seamlessly, you cash flow between iOS devices using the Dropbox account. With around 1 million users of the app and counting, Tekton Apps are a must for every iPhone user.
