

## Clock For TV - The Missing App for the Apple TV

Published on 11/04/15

Apps For All today introduces Clock for TV 1.1 for Apple TV. The brand new Apple TV comes with a lot of useful apps and features, but interestingly a clock was left out of the TV. Clock for TV brings an elegant and easy to configure solution to show date and time on your Apple TV. Featuring both analog or digital modes, you can use it to quickly check the time, or you can use the unique slow movement feature and make Clock for TV your informative screensaver.

Tilburg, Netherlands - Apps For All has announced the global availability of Clock for TV 1.1 for Apple TV. The brand new Apple TV comes with a lot of useful apps and features, but interestingly a clock was left out of the TV. Clock for TV brings an elegant and easy to configure solution to show date and time on your Apple TV. You can use it to quickly check the time, or you can use the unique slow movement feature and make Clock for TV your informative screensaver.

### Features:

- \* Analog or Digital mode
- \* Optionally moves the clock gently over the screen
- \* Click on your remote to show current date information
- \* Many different plain, but stylish background gradients in lots of colors
- \* Show or hide the seconds to match your preference
- \* Make the hands of the analog clock move smoothly or stepwise

### Installation:

iTunes QuickLinks are not available yet for Apple TV application. To install Clock for TV, simply open the App Store on your Apple TV and search for "Clock for TV". The orange and white icon is easy to find!

### Device Requirements:

Only available on Apple TV 4th generation

### Pricing and Availability:

Clock for TV retails at a price of \$0.99 USD (or equivalent in different currencies) and is available worldwide exclusively through the App Store in the Utilities Category. Promo codes for review purposes are available on request.
