In this best zombie shooter ever, take your part on saving the world and win unbelievable real prizes in specially designed tournaments. Earn the money every day from oil fields!

"When we have a game with more than 50 million players, it is obvious that a very large group of players want to play competitively," explains Pavel Cizek, the project leader of Dead Trigger 2. "Therefore, we have greatly increased the number of tournaments, and introduced various themes such as Duel Factions. Players will now have many more chances to show who each other who is top at scoring headshots, boss kills and so on, and will be supported with a big bundle of new weapons," adds Cizek.

This year's Christmas update for Dead Trigger 2 proves that no gift goes unwanted. Over four days, players can find presents under the Christmas tree in their hideout. Meanwhile, players undertaking missions will see a festive theme.

This update also brings more new weapons to the game than ever before. Tools of destruction such as the Viking Sword, LAR Grizzly Mark V, Sten Mk II Silencer, MP 40, Z Hunter Machete, PP - 19 Bizon, Mauser C96, MAT 49 and XM8 all bring a new spirit to the game and add new variability for all types of gameplay. Their potential can be used in story missions, warfare and the tournaments.

New types of tournaments are ready for competitive players to show off their skills, and leaderboards keep track of statistics including the number of headshots, bosses killed, limbs shot out, miles run through the world, zombies killed with a deadly traps, and the maximum time spent in a tournament without killing anything.
