

GO - Concentration - Reaction - Speed - Friends - 1.1 for iOS/Android

Published on 01/15/16

OCG Studios today introduces - GO - Concentration - Reaction - Speed - Friends - 1.1, their new game title for iOS and Android devices. -GO- is a quick game about concentration, reaction, speed and friends. Challenge your friends for a real-world task. Play and decide quickly in less than a minute who gets the coffee, lunch, walks the dog or any other given task. One-button frustration or happiness just a minute away. Invite your friends, colleagues, family or sports team via email or Facebook.

Amsterdam, Netherlands - OCG Studios today is proud to announce the release of - GO - Concentration - Reaction - Speed - Friends - 1.1, their brand new game title for iOS and Android devices. -GO- is a quick game about concentration, reaction, speed and friends. Challenge your friends for a real-world task. Press fast, don't be last, or else. Play and decide quickly in less than a minute who gets the coffee, lunch, walks the dog or any other given task.

This is not a game where you just win or lose; the losers really lose, but also win and the winners really win, but also lose! It's the ultimate game for the office, bar, at home and with your friends. Decide on who buys the drinks, does the dishes, cleans the house, takes out the garbage, makes dinner, does the shopping, or just determine who is the fastest. Make sure to practice so you won't be beaten. The losers win a practice round and practice makes perfect. You can even get more practice rounds within the app.

One-button frustration or happiness just a minute away. Invite your friends, colleagues, family or sports team via email or Facebook. Every month new mini-games will be added. 18 different languages are supported and push messaging is based on the language settings of the phone. Send invites to friends in other countries in their own language. Go!

Device Requirements:

- * iPhone, iPad, and iPod touch
- * Requires iOS 6.0 or later
- * 20.4 MB
