Miami, Florida - MacZOT will be featuring Objective Decision's Contactizer Pro for 50% on Monday October 5th and Tuesday October 6th. MacZOT is known for offering great Mac apps at incredibly reduced prices - for limited time periods. This offer ends Friday night at Midnight Central Time.

About Contactizer Pro:

Contactizer Pro 3.8 is an all-in-one solution for managing, sharing and organizing your personal and business information. Contactizer Pro 3.8 makes your contact management experience more efficient, productive and inventive. Following the prodigious success of its predecessors, many users worldwide continue to choose Contactizer Pro 3.8 for their calendar, organizational and management needs. Contactizer Pro, specifically built for Mac OS X, provides a wealth of powerful PIM features, all through an innovative, elegant and intuitive interface.

Designed specifically for small business, Contactizer is the #1 business management solution - it redefines contact management by providing a wealth of revolutionary features that maximize your productivity. Contactizer is built on top of powerful Mac OS X technologies (Cocoa, Spotlight, Core Image, Core Data and more), resulting in an outstanding user experience and performance. Keep looking for updates, as we add innovative new features to Contactizer.

Contactizer 3.8 sports a Cover Flow mode (Leopard Only feature) that shows your contacts in a business card like presentation, a Task Quick Entry Panel (even works when Contactizer is not running), a new multi-calendar sync system and many user interface enhancements expanding your productivity.

What's New in 3.8?

Contactizer Pro 3.7 offers a new standalone companion, Dayboard that allows you to view at a glance tasks, events and birthdays when Contactizer is closed. Contactizer also sports the ability to define custom type for events & tasks, a QuickLook preview (Leopard Only) for Attachments, a Cover Flow mode (Leopard Only) that shows your contacts in a business card like presentation and many user interface enhancements expanding your productivity.

Top Core Capabilities:

- * Manage projects and track their progress
- * Automatically summarize contact-related information in a single view
