

Match Farm Animal Pictures and Hear Cute Animal Sounds

Published on 04/11/16

Indie game development studio, Crave Creative today introduces Farm Animal Picture Match 1.0, their fun kids educational picture pairs matching game for iOS and Android devices. Colorful and happy farm animals will captivate kids and help them to develop recognition, concentration and memory. When you get a matching pair you will hear the animal sound. There are a total of 10 different farm animals in the game. Every game has a random tile set of animals so it is always new and exciting to play.

Guilford, Indiana - Crave Creative, an independent game development studio dedicated to 2D game creation, today is thrilled to announce the release of Farm Animal Picture Match 1.0, their fun kids educational picture pairs matching game for iOS and Android devices. In this fun-to-play game, kids turn over the farm animal tiles to find matching pairs. When you get a matching pair you will hear the animal sound. The goal of the game is to get all the matches before the time runs out.

There are three difficulty levels and five tile sets (6, 8, 12, 16, 20). Try to remember where all of the animals are so you can match them correctly. Preschool, toddlers, kindergarten kids, and young children will have so much fun finding the matching farm animals in the this educational game for children. The colorful farm animals in the game are: cow, pig, sheep, goat, horse, steer, chicken, goose, turkey and rooster. The bright colorful graphics and animal sounds will appeal to children of all ages. The app helps to develop recognition, concentration and memory. Every game has a random tile set of animals so it is always new and exciting to play.
