Qrayon announces Scramble: Sliding Tile Puzzle Maker 1.0 for iOS devices. Scramble allows users to create visual sliding tile puzzles from their photos and share them with their friends. Just pick a photo, add an optional message, and share. The recipient will have to solve the puzzle to see the message. Build up a library of puzzles with friends and family. Perfect for Valentine's Day messages, party invitations, or just sharing a special moment with someone.

Seattle, Washington - Qrayon is proud to announce the release of Scramble: Sliding Tile Puzzle Maker 1.0 for iPhone, iPad, and iPod touch devices. Scramble lets you create visual sliding tile puzzles from your photos and share them with your friends. Just pick a photo, add an optional message, and share. Your friends will have to solve the puzzle to see the message. Perfect for Valentine's Day messages, party invitations, or just sharing a special moment with someone.

Build up a library of puzzles with your friends. They are also a great way to exercise your brain in the morning, and to experience your photos in a whole new way. You'll notice new details, and relive memories with the people you care about.

In a world that is over-saturated with images, Scramble offers an easy way to share more intimate and engaging experiences. Solving a simple puzzle lets the recipient invest in the exchange, and makes the message more meaningful when they solve it.
