

TrendyDigital launches Artisan Line of Accessories for Amazon Kindle

Published on 10/14/09

TrendyDigital Design today revealed an exciting Artisan line of accessories for the Amazon Kindle. This new line incorporates an artistic component to TrendyDigital's wonderful collection of eBook reader accessories. The artistic component is achieved via a high tech laser etching process. Through this etching technique, amazing artworks and memorable images are translated onto TrendyDigital well-crafted leather covers for the ebook reader.

Auburndale, Massachusetts - TrendyDigital Design revealed an exciting Artisan line of accessories for the Amazon Kindle today. This new line incorporates an artistic component to TrendyDigital's wonderful collection of eBook reader accessories. The artistic component is achieved via a high tech laser etching process. Through this etching technique, amazing artworks and memorable images are translated onto TrendyDigital well-crafted leather covers for the ebook reader. The first product in this series is the Artisan Maxguard Plus Kindle 2 Leather Cover (fits 2nd Generation Kindle).

The Maxguard Plus Kindle 2 Leather Cover is designed to maximize accessibility and surface protection for the Amazon Kindle 2. Several unique design elements have been introduced into this cover. The sure-fit compartment houses the Kindle 2 securely while allowing easy access to the power switch, headphone jack, USB/Power port and charger indicator. The enclosed housing maximizes the protection of the whole unit while preserving the sleek & trim presentation of the Kindle 2.

The side button cut-outs provide access to the navigation buttons on either side of the Kindle. The case has a corner magnet system to secure the Kindle when it is not in use. The embedded magnet design leads to a much cleaner and stylish look than the side-strap method in other cases. Whether in an office, traveling on a plane, relaxing at the beach or at home, the MaxGuard Plus eReader Cover is the ideal companion for your Kindle 2.

The well crafted Maxguard Plus Kindle 2 Leather Cover provides an excellent platform for creating the Artisan Line. TrendyDigital has spent months perfecting the surface composition and coating for this Maxguard Plus line. There are two color variations (black and red) available from the Maxguard Plus Kindle 2 Leather Cover line. Both covers provide excellent contrast to allow the artwork to shine through. Currently, TrendyDigital has created several artwork variations in this collection. Future work will enable customers to submit their favorite artwork or image for ultimate customization to their Kindle covers.
