

## **WITLS Releases Xtreme Hover for iOS and Android Devices**

Published on 08/29/16

Witls announces Xtreme Hover 1.1 for iOS and Android devices. Xtreme Hover offers players the best thrilling experience of riding futuristic hover bikes. Players will feel the excitement and pleasure of speed. It has futuristic hovercrafts, simple controls, adventures ways and lots of obstacles to challenge you. Everyone will get chances to score the highest and beat their friends. It's an endless game of fun in an unreal world. Race at insane speeds through an infinite randomly generated world.

Kolkata, India - Witls is pleased to announce the release of Xtreme Hover 1.1 for iPhone, iPad, iPod touch, and Android devices. Xtreme Hover will give players the best thrilling experience of riding futuristic hover bikes. Players will feel the excitement and pleasure of speed. It has futuristic hovercrafts, simple controls, adventures ways and lots of obstacles to challenge you.

Everyone will get chances to score the highest and beat their friends. It's an endless game of fun in an unreal world. Race at insane speeds through an infinite randomly generated world.

### Game Features:

- \* Futuristic Hovercrafts
- \* VR Ready
- \* Easy and smooth game controls
- \* Thrilling sound effects and background score

The goal is to get the highest score by racing into an endless world, avoiding obstacles and enemies and collecting speed boosts and other power-ups to help along the way. It offers a number of futuristic hovercrafts having different engine and speed limits. Players can change and take a new hover bike along the way by crashing into special tokens, which are floating in the mid air.

The game ends when a player hits an obstacle, if they can make it that far! The game environment and the obstacles are designed very carefully, so that it may look simple but difficult to dodge. Xtreme Hover is full of excitement and speed. So players will love the thrilling experience, try it now. Hurry!

### Device Requirements:

- \* iPhone, iPad, and iPod touch
- \* Requires iOS 7.0 or later
- \* Universal Application
- \* 148 MB

### Pricing and Availability:

Xtreme Hover 1.1 is free, and is available worldwide through the App Store in the Games category. An Android version is also available through the Google Play Store.
