

Color Hexes 1.0 introduced for iOS - Unique Tile Matching Puzzle Game

Published on 09/07/16

Finish indie game developer, Mental Donkey Games today introduces Color Hexes 1.0, a unique color matching puzzle game for iOS devices. In Color Hexes, you are given 3 tiles at a time. You must place them on the board and try to connect 4 or more tiles of the same color to score points and make more room for new tiles. This makes the game challenging, as you have to think carefully where you want to place the new tiles. Color Hexes offers unique and challenging gameplay with Game Center support.

Rauma, Finland - Indie game developer Nico Rosvall a.k.a. Mental Donkey Games, today is excited to announce the immediate release of Color Hexes, a unique color matching puzzle game for iOS devices. In Color Hexes you are given 3 tiles at a time. You must place them on the board and try to connect 4 or more tiles of the same color to score points and make more room for new tiles. As your score increases, more colors are added to make the gameplay more challenging.

The tiles are placed by touching an empty space on the grid, and dragging your finger along other empty spaces. Every new tile has to be placed adjacent to each other. This makes the game challenging, and you have to think carefully where you want to place the new tiles.

Features:

- * Unique and challenging gameplay
- * Requires strategic thinking
- * Easy gameplay
