Atlantic Beach, Florida - Tropical Software today announced TopXNotes 1.4.2, an update to its popular note manager for Macintosh. All existing customers should download this important version with several small but important fixes to Find, Check for Update, and some minor cosmetic fixes.

Awarded 4 out of 5 stars by Macworld magazine, TopXNotes (pronounced "Top Ten Notes) allows people to create, collect, store, and retrieve all the bits and pieces of information they find themselves inundated with on a daily basis. Its intuitive interface allows notes to be both categorized and grouped, and allows the user complete control over the appearance of a note's content.

Notes can also be synchronized with Classic iPods for handy retrieval while away from the computer. The company is working on support for iPhone and iPod Touch. "All existing customers should download this important release" said Tropical Software president James Lee.

Minimum Requirements:
* Mac OS X Version 10.3.9 or higher
* Universal Binary for PowerPC and Intel
