

Swoosh! Control the winds in Henry the Cloud - Out now on iOS & Android

Published on 09/27/16

Dual Cortex Gaming today announces Henry the Cloud 1.2.2, its exciting free-to-play mobile indie game developed for iOS and Android devices. In this game, players are challenged to take control of "Henry the Cloud" as they propel him through the sky. It uses a unique gameplay mechanic that requires players to swipe to create wind bursts in order to maneuver Henry around objects and enemies. Players need to collect Droplets to unlock epic characters and items to upgrade stats & boost performance.

Amsterdam, Netherlands - Dual Cortex Gaming today is pleased to announce the release of Henry the Cloud 1.2.2, and challenges you to control the winds in an exciting free-to-play mobile indie game developed for iOS and Android devices. Henry the Cloud is a mobile arcade game that challenges players to take control of "Henry the Cloud" as they propel him through the sky. In this game, a unique gameplay mechanic is used that requires players to swipe to create wind bursts in order to maneuver Henry around objects and enemies.

In Henry the Cloud, players need to collect Droplets to unlock epic characters and items to upgrade stats and boost performance. At the same time, they can earn highscores to compete with Facebook friends or strive for world domination on the global leaderboards.

Features:

- * Unique and innovative gameplay mechanic
- * Challenging and strategical gameplay
- * Short yet intense gaming sessions
- * Help cute clouds travel the world and soar through the sky
- * Unlock and combine epic characters and items - over 1000 combinations
- * Compete with friends on the leaderboards
- * Free to play

"We believe that mobile games should allow people to play for short moments but still be challenging in the process. Therefore, at Dual Cortex Gaming, we designed our game to have a broad appeal and require players to think ahead and be equipped with quick reflexes."

Device Requirements:

- * iPhone, iPad, and iPod touch
- *
- * 56.8 MB

Pricing and Availability:

Henry the Cloud 1.2.2 is Free and available worldwide exclusively through the App Store in the category. There is also an Android version available on Google Play. Get ready to control the winds and swipe into action by downloading Henry the Cloud now!
