

BitBQ LLC Acquires FitnessTrack and Emergency Information

Published on 10/16/09

BitBQ LLC has acquired the iPhone applications FitnessTrack and Emergency Information from Second Gear LLC. We are currently working with Second Gear and Apple to transition the applications on the App Store so that existing customers continue to receive updates as they are released. During this time, the App Store will still list Second Gear LLC as the owner of these applications. Further updates on the status of this transition will be made via the BitBQ blog.

Richardson, TX - BitBQ LLC has acquired the iPhone applications FitnessTrack and Emergency Information from Second Gear LLC. We are currently working with Second Gear and Apple to transition the applications on the App Store so that existing customers continue to receive updates as they are released. During this time, the App Store will still list Second Gear LLC as the owner of these applications. Further updates on the status of this transition will be made via the BitBQ blog.

FitnessTrack allows users to track their health and fitness goals with ease. Create workouts using any combination of the 60 professionally designed exercises included, or your own custom exercises. FitnessTrack also makes it easy to track your weight & measurements through the use of fitness profiles. Whether you are just wanting to lose body weight or inches, FitnessTrack helps you meet your goals by storing your measurements on your phone. FitnessTrack is available for purchase now for just \$2.99 (USD) on the App Store. FitnessTrack is compatible with iPhone 3.0 and higher, on all iPhone and iPod touch devices.

Emergency Information lets you keep your pertinent emergency health and contact information quickly accessible via a gorgeous user interface. Emergency Information is available for purchase for just \$.99 (USD) on the App Store. Emergency Information is compatible with iPhone 3.0 and higher.
