

Maintain Releases Cocktail 10.1 (Sierra Edition)

Published on 10/25/16

Maintain today announces Cocktail 10.1 (Sierra Edition), the latest maintenance update for users running macOS Sierra 10.12. Cocktail is a general purpose utility for OS X that lets users clean, repair and optimize their Macs. This version adds macOS Sierra 10.12.1 compatibility and ability to clear CoreCapture log as well as .awd, .dpsub, .ips and .report files. It also contains major improvements on the "Clear Apple mobile devices logs and diagnostic messages" procedure.

Ekerö, Sweden - Maintain today is pleased to announce the release of Cocktail 10.1 (Sierra Edition), the latest maintenance update for users running macOS Sierra 10.12. The update is highly recommended for all users of Cocktail (Sierra Edition).
