

## Macgo Blu-ray Player Thanksgiving & Black Friday Promotion 2016

Published on 11/14/16

Macgo Blu-ray players for both Mac and Windows are on promotion for Thanksgiving & Black Friday. The promotion for Blu-ray players on Thanksgiving and Black Friday allows families to enjoy a warm movie together after their feast with a big discount. Macgo Windows Blu-ray Player will be cut 50% off which will only cost \$29.95 instead of the original \$59.95. The price of the Mac Blu-ray Player is also cut from \$59.95 to \$39.95.

Hong Kong, China - As Thanksgiving and Black Friday are coming soon, people are busy preparing fantastic feasts for their families, as well as adding their shopping lists. Despite a delicious dinner, a touching movie can also bring family members to be grateful for and treasure each other's love. Now Macgo is offering a huge discount up to 54% off on their Blu-ray players to enable you to watch an excellent Blu-ray movie during these holidays.

Macgo Mac Blu-ray Player is the first Blu-ray player for macOS that has official certification in the world. Both of Mac and Windows Blu-ray players can play multiple kinds of videos. During Thanksgiving and Black Friday, customers can enjoy a touching Blu-ray movie with the lowest price to cost. During this festival, each license for Macgo Windows Blu-ray Player will be cut 50% off which only cost \$29.95 instead of the original \$59.95. The price of Mac Blu-ray Player is also cut from \$59.95 to \$39.95. And that is not the biggest discount. With more products you purchase, the less price for each Blu-ray player you can get.

If you are a green hand to Macgo Blu-ray player, you can learn more about its excellent features before purchase.

Features of Macgo Blu-ray Player:

- \* It can play all kinds of Blu-ray discs and their ISO files on all Mac products
- \* Macgo's unique hardware acceleration technique-BluFast MX can reduce the workload of hardware during Blu-ray playback
- \* Mac Blu-ray Player supports DTS 5.1, Dolby TrueHD Audio DTS-HD Master Audio and Pass Through without any quality loss to take you experiencing HD audio-visual feast
- \* It can play any videos or audios like MP4, MOV and RMVB, etc. on Windows without converting formats

Have you already attracted by these excellent features and the low prices? It's time to download the program and have a try.

Macgo Beta Pro version:

Macgo is working on the Pro version which will be able to support Blu-ray menus much more stably. And the customers of Macgo Mac Blu-ray players will be offered a free upgrade to the official Pro version once it comes out officially next month. Right now the Pro version is for free download and trial.

Download the Beta Pro version to have a try
