

Command-Tab Plus - Alternative App's Switcher Launches On Mac App Store

Published on 04/07/17

Note-Ify Apps today announces Command-Tab Plus 1.0, its new application switcher for macOS. As an alternative to the built-in application switcher, Command-Tab Plus is designed to help you switch between apps and windows in a faster and more convenient way. Using Command + Number key makes switch to an app without tapping a bunch of keys. By default Command-Tab Plus displays only app icons are running on a current display or a space. It hides icons of inactive (hidden) apps.

Kyev, Ukraine - Note-Ify Apps today is proud announce the release of Command-Tab Plus 1.0, its new application switcher for macOS. As an alternative to the built-in application switcher, Command-Tab Plus is designed to help you switch between apps and windows in a faster and more convenient way.

* Quick Switch Between Applications - Using Command + Number key makes switch to an app without tapping a bunch of keys.

* Isolated Spaces - When using Command-Tab Plus, by default it displays only app icons are running on a current display or a space. Thus, apps on inactive spaces are hidden on the current space. Of course, you can disable this function in settings.

* Hide Unused Applications - Command-tab Plus hides icons of inactive (hidden) apps. This function allows you switch more quickly between apps you are using at the moment. That is very convenient if you have a lot of apps in the background, but you don't want them to show up in the switcher.

* Customizable Appearance - You can customize an appearance if you need, change border or background colors, icon sizes and more.

System Requirements:

- * OS X 10.6.0 or later
- * 64-bit processor
- * 1.0 MB

Pricing and Availability:

Until the end of April 2017, Command-Tab Plus 1.0 is only \$4.99 USD (Regular \$7.99) or equivalent amount in other currencies. It is available worldwide exclusively through the Mac App Store in the Productivity category. For more information, please contact Sergey Gerasimenko.
