

XVIDA Cases Offer Wireless Charging for iPhone 7 & 7 Plus, S8 & S8+

Published on 06/12/17

Following a successful Kickstarter campaign in 2016, XVIDA is further expanding its product line of premium wireless charging accessories and magnetic mounts by introducing new charging cases for iPhone 7 & 7 Plus, Galaxy S8 & S8+. Ultra-slim cases are made from durable TPU/ABS with soft-touch, anti-slip coating offering protection against impact and ensuring a comfortable grip. The charging cases and charging docks feature built-in precision magnets so your phone will stay securely attached.

Los Angeles, California - XVIDA designed an entire collection of wireless charging docks that enable hassle-free and reliable charging at home, in the car or at the office. The charging cases and charging docks feature built-in precision magnets so your phone will stay securely attached and positioned in the "sweet spot," ensuring maximum charging speed with zero risk of charging being interrupted due to device moving.

Thanks to specially designed electronics that allow for a maximum transfer of power from the charger to the smartphone, XVIDA wireless charging docks give you wireless charging that's pretty much as fast as an old-school cable (nope, faster than that doesn't exist yet), but with the convenience of not having to deal with a wire. The wireless charging docks also support Fast Charge technology for enabled devices (S8, S8+).

XVIDA Cases allow full access to your phone's Lightning or USB- C port, which ensures you can still use traditional charging cables without having to remove the phone from the case.

Ultra-slim cases are made from durable TPU/ABS with soft-touch, anti-slip coating offering protection against impact and ensuring a comfortable grip. Those looking to slim down their wallets will be happy to know, XVIDA now offers magnetic folio wallets, made from genuine leather, compatible with iPhone 7 & 7 Plus cases, with versions for S8, S8+ to follow by the end of July 2017.

Pricing and Availability:

XVIDA Cases for iPhone 7 (\$49) and 7 Plus (\$59) are in stock and ready to ship. The XVIDA cases for Galaxy S8 and S8 Plus are available for pre-order now with a limited time 20% off discount. Galaxy S8 case is priced at \$24, S8+ at \$28. The XVIDA cases made for iPhone 7/7 Plus and for Samsung Galaxy S8/S8 Plus, along with XVIDA wireless charging docks, mounts, and folio wallets are available at XVIDA online.
