

CS Odessa Announces Updated ConceptDraw PRO v11

Published on 11/07/17

CS Odessa today announces ConceptDraw PRO v11, a new version of its well-known business graphics and diagramming tool for Mac OS and Windows. ConceptDraw PRO provides a complete range of business graphic documentation solutions with thousands of stencils and hundreds of templates for rapid diagramming. ConceptDraw Solution Park offers business-specific solutions to support an expansive variety of work-flow requirements. This new release increases drawing speeds over 300%.

San Jose, California - CS Odessa introduces ConceptDraw PRO v11, a new version of its well-known business graphics and diagramming tool for Mac OS and Windows. Drawing speeds and product performance are dramatically improved with the newest update of ConceptDraw PRO v11. Users of ConceptDraw PRO v11 will experience improved performance and enhanced capabilities:

- * Drawing speeds are dramatically improved
- * Export/Import of MS PowerPoint Presentation (PPTX) added
- * Faster program startup times
- * Faster indexing and searches
- * Improved Visio 2010, 2013, 2016, 365 imports (accuracy and speed)
- * ConceptDraw PRO uses local desktop settings to determine page size (letter, A4), angle measurement, and ruler settings

ConceptDraw PRO is well-known for its ability to exchange documents with Microsoft Visio - the de facto standard in software engineering graphics documents. It is supported by the powerful business solutions located in the Solution Park. It delivers solutions for Project Management, Collaboration, Business Productivity and Diagramming. The variety of solutions available in the Solution Park is constantly expanding to provide professionals ultimate flexibility in their diagramming platform.

ConceptDraw Office v4 is an integrated set of visualization products and document exchange technologies. It consists of a diagramming platform, a mind mapping tool, and a project management tool. These tools are essential to generate business diagrams, project plans, mind maps, dashboards, presentations, schematics, and any other business visualizations.

Pricing and Availability:

ConceptDraw PRO is compatible with Apple macOS and Microsoft Windows and retails for \$199 (USD). It is now included in ConceptDraw Office v4 which retails for \$499.
