

Thermometer X & Hygrometer App - Simple and Minimalistic Weather App

Published on 01/04/18

Indie developer Christian Koch releases Thermometer X & Hygrometer App 1.0.5, an important feature update to his popular weather utility for iOS devices. Designed specifically for the purpose to measure accurate weather temperature, Thermometer X & Hygrometer App stands out with its simplicity, a focus on minimalistic design and very user-friendly. Version 1.0.5 sports an all-new Full Black Mode, remembers the current selected Celsius/Fahrenheit scale throughout app restarts and minor bug fixes.

Berlin, Germany - Indie developer, CODE K (Christian Koch) is proud to announce the release of Thermometer X & Hygrometer App 1.0.5, an important feature update to the developer's popular weather utility developed exclusively for iPhone, iPad and iPod touch devices. Designed specifically for the purpose to measure accurate weather temperature, Thermometer X & Hygrometer App stands out with its simplicity, a focus on minimalistic design and very user-friendly.

Thermometer X & Hygrometer App shows the actual current outside / outdoor temperature and humidity (hygrometer) at your current location. It gets the data from nearby weather stations and is powered by the Dark Sky API. The app even shows you the current outdoor weather conditions at your locality with a simple and beautiful small icon.

Features:

- * Real-time temperature information
- * Super easy to switch between Celsius and Fahrenheit
- * Automatically shows the temperature of your current location or choose location
- * Super cool thermometer styles you can switch between bunches of beautiful, colored theme layouts
- * This app is still in its infancy and many more features are planned

The latest release of v1.0.5 brings in:

- * An all new "Full Black Mode" which looks just beautiful on every device
- * Fixes for a few stability problems
- * The user requested functionality of remembering the current selected Celsius / Fahrenheit scale throughout complete app restarts

Supported Languages:

- * English and German

Device Requirements:

- * iPhone, iPad, iPad Pro and iPod touch
- * Requires iOS 10.0 or later
- * Optimized for the iPhone 5s through iPhone 8, the new iPhone X and all iPad Devices
- * Universal Application
- * Rated: 4+
- * 23 MB

Price and Availability:

Thermometer X & Hygrometer App 1.0.5 is \$1.99 USD (or an equivalent amount in other currencies) and is available worldwide exclusively through the App Store in the Weather category.
