

XVIDA Debuts Magnetic Wireless Car Charger for iPhone on Indiegogo

Published on 03/08/18

XVIDA has just released an entire collection of sophisticated and functional accessories that enable hassle-free and reliable in-car charging. Its latest crowdfunding campaign for their new POWER 2 Collection of Wireless Charging Car Docks and Magnetic Cases, has reached its fundraising goal of \$15,000 USD in less than 24 hours on Indiegogo. The Car Kits include an ultra-slim, magnetic case, made from durable TPU/ABS, which offers protection against impact and provides a comfortable grip.

Los Angeles, California - XVIDA has just released an entire collection of sophisticated and functional accessories that enable hassle-free and reliable in-car charging. The charging cases and car charging docks feature built-in precision magnets so your phone will stay securely attached and positioned in the optimal charging spot, ensuring maximum charging speed with zero risk of charging being interrupted due to device moving.

Highlights of the new XVIDA Power 2 Car Kits include:

Dual Mode (7.5W/15W) charges up to 40% faster

Magnetic Locking: no risk of accidentally misaligning your phone so it doesn't charge

Advanced Cooling Technology ensures there's no overheating

Multiple Mounting Options: windshield, dashboard, car vent, CD-slot

The Car Kits include an ultra-slim, magnetic case, made from durable TPU/ABS, which offers protection against impact and provides a comfortable grip. The case is available for all the latest iPhone lineup as well as for Samsung Galaxy S8 & S8+. Those looking for all-round protection will be happy to know, XVIDA offers case-friendly tempered glass screen protectors, which fit perfectly with XVIDA Cases for the latest Apple & Samsung phones.

Price and Availability:

The XVIDA wireless charging car kits are available for pre-order exclusively at Indiegogo (<https://igg.me/at/xvidacardock/x/16925667>) at a starting price of \$59 (45% off the expected retail value). Backers will start receiving the perks as early as by the end of March/beginning of April 2018.
